Mr. Roger Boas, Chief Administrative Officer, upon being asked by Supervisor Pelosi to comment on the closing of certain emergency hospitals, reported that those hospitals closed on July 14, 1978 were Alemany, Harbor and Park, and that the services which had been provided by these facilities duplicated services provided by acute care hospitals. Mr. Boas remarked that San Francisco, which is only forty-three square miles, has twenty-one hospitals, fifteen of which have emergency rooms with full facilities. He noted that the three emergency hospitals which were closed do not have x-ray or laboratory facilities and basically provided only first aid, and that the three aid stations cost approximately \$750,000 per year to operate or about \$20 per visit because of limited usage of said facilities. Mr. Boas further commented that Central Emergency would remain open because the persons who use it do not have any other place to go, its sexual trauma center is unique to Central Emergency, and the emergency ambulance communications center is located at said facility. He advised that emergency ambulances would continue to be based at the emergency hospitals and that

Alemany, Harbor and Park stations would each function as an ambulance station. He also advised that the possibility of contracting with a physician or group of physicians to provide service on a fee basis at Alemany Hospital was being explored.

Supervisor Pelosi thanked Mr. Boas for his report and requested that he put his comments in writing for the Board.

The Board thereupon resumed its consideration of Roll Call matters.

The Mayor then presented a Proclamation of Emergency,

TUESDAY, OCTOBER 10, 1978

occasioned by the nurse-staffing problems at San Francisco General Hospital and Medical Center. The text follows:

PROCLAMATION OF EMERGENCY

WHEREAS, on the 12th day of June 1978, by a proclamation of emergency declared by the Mayor and concurred in by a majority of the Board of Supervisors, the Annual Salary Standardization Ordinance (Ord. No. 155-78) for the fiscal year 1978-1979 was repealed and the Annual Salary Standardization Ordinance (Ord. No. 115-77) for the fiscal year 1977-1978 was reinstated for the period to end on June 30, 1979; and

WHEREAS, on the 24th of June, 1978, the State Legislature passed Senate Bill 154 and on the 30th day of June, 1978, the State Legislature amended Senate Bill 154 by passing Senate Bill 2212. These Bills provided for the distribution of State Surplus funds to the City and County of San Francisco with the proviso that local agencies shall not provide a cost of living wage or salary increase. As defined in said Bills the terms "salary" and "wage or salary" shall not include any compensation other than wages or salaries, such as health benefits, retirement benefits, life insurance, vacation time, sick leave, perquisites of all kinds, and reimbursement of expenses; and

WHEREAS, it is the intention of this Proclamation to comply with the provisions of Senate Bill 154 and Senate Bill 2212 by not providing a cost of living wage or salary increase as prohibited by said Bills but rather to provide benefits as allowed by said Bills for the purposes of retaining registered nurses now in the City work force and to enable the City to recruit and hire new registered nurses to replace those who have left and are leaving the City's registered nurse work force; and

WHEREAS, the registered nurse work force of the City and County of San Francisco pursuant to Charter Section 8.407 was entitled to a 7% increase in wages for the fiscal year 1978-1979 and a 1% salary retention premium was additionally negotiated on March 15, 1978, both of which were passed and signed into law but were repealed by the emergency proclamation of June 12, 1978; and

WHEREAS, registered nurses are presently being paid a salary at the 1977-78 rate because of the reinstatement of the 1977-1978 Annual Salary Standardization Ordinance; and

WHEREAS, there is an acute shortage of registered nurses in the private sector of the Bay Area and in other sections of the

United States and further the shortage is extremely acute in the area of critical care, operating room and surgical nurses; and

WHEREAS, registered nurses employed by the City are at present between \$125.00 and \$175.00 per month behind the private sector in wages and on January 1, 1979, will be between \$200.00 and \$240.00 per month behind the private sector; and

WHEREAS, due to the acute shortage of nurses as aforesaid and the disparity of wages paid between the private sector and the City as aforesaid, registered nurses have left City service to work in the private sector and many more registered nurses are leaving and are threatening to leave City service; and

WHEREAS, because of the type of medical services rendered at San Francisco General Hospital and other health care facilities owned and operated by the City the service of registered nurses is vital in that the said services can be performed only with a work force comprised primarily of full time registered nurses, and

WHEREAS, unless the Mayor and the Board of Supervisors adopt reasonable measures to retain registered nurses and recruit new registered nurses to replace those who have left City service, vital health care services will be severely curtailed or completely eliminated; and

WHEREAS, the health care services which are now facing severe curtailment or complete elimination are vital to the lives, property and welfare of the citizens and the property of the City and County of San Francisco; and

WHEREAS, in order to protect the lives, property and welfare of the citizens and the property of the City and County of San Francisco it is necessary that the Mayor and the Board of Supervisors take reasonable measures to keep registered nurses from leaving City service and to induce new registered nurses to seek employment with the City and County of San Francisco;

NOW THEREFORE by virtue of the powers vested in me by the provisions of Section 3.100 of the Charter, I do hereby declare that an actual public emergency exists, which involves and threatens the lives, property and welfare of the citizens and the property of the City and County of San Francisco. In order to terminate the state of emergency existing by virtue of the facts stated herein, I hereby direct that the following measures are to be taken and put into effect at the time hereinafter indicated:

1. Wherever this Proclamation refers to registered nurses it shall mean those employees in the classifications as set forth in the Annual Salary Standardization Ordinance (Ord. No. 115-77)

now in effect for the fiscal year 1978-1979 as follows: Classification Numbers: 2320; 2322; 2323; 2324; 2326; 2328; 2330; 2340; 2342; 2344; 2350; 2352; 2366; 2368; 2369; 2370; 2830; 2832 and 2836.

2. Charter Section 8.407 insofar as it provides that deletions, additions or modification of benefits of employment, or "fringe benefits" shall be submitted as a charter amendment to the electors to the extent that it may be applicable is hereby suspended as it applies to the employees of the registered nurse classifications only.

3. Charter Section 8.401 insofar as it provides that schedules of compensation or amendments thereto adopted by the Board of Supervisors after April 1st of any year shall not become effective until the beginning of the second succeeding fiscal year is hereby suspended as it applies to the employees of the registered nurse classifications only.

4. Notwithstanding and in addition to Section VI (Holidays and Holiday Pay) of the Annual Salary Standardization Ordinance (Ord. No. 115-77) now in effect for the fiscal year 1978-79, all employees of the registered nurses classifications only shall be entitled to an additional 14 holidays to be taken on a day selected by said employees subject to the approval of the appointing officer. Said holidays shall fall between November 1, 1978 and June 30, 1979.

5. Paragraph B of Section VI of the Annual Salary Standardization Ordinance now in effect for the fiscal year 1978-1979 wherein it provides that certain employees designated with a "Z" symbol shall not receive extra compensation for holiday work is hereby suspended as it applies to the employees of the registered nurses classification so designated with the "Z" symbol. All other provisions of said Section VI shall remain in full force and effect.

6. New employees in the registered nurses classification only who are employed after November 1, 1978, shall receive a pro-rata number of holidays calculated on the basis of 14 additional holidays being allowed in an 8 month period to wit: November 1, 1978 through June 30, 1979. The registered nurse employees may elect to utilize the additional holidays at any time during the November 1, 1978 to June 30, 1979 period.

7. The 14 additional holidays herein granted to registered nurses shall be effective only upon written approval of the Controller of the State of California or a bona fide representative of the State authorized to grant such approval.

I further direct that all provisions of the Charter of the City

and County of San Francisco, all ordinances of the City and County of San Francisco, and any other local laws, rules or regulations and all memoranda of understanding of any kind whatsoever heretofore entered into by the City and County of San Francisco which place any restriction upon any officer, employee or agent thereof which prohibit said officer, employee or agent from taking necessary actions, whether they be legislative, executive or administrative, in order to carry out this proclamation, are hereby suspended.

This proclamation shall become effective forthwith and be implemented on the dates specified herein and shall remain in effect up to and including June 30, 1979, unless sooner recalled by the Mayor or upon written disapproval by the Controller of the State of California or a bona fide representative of the State authorized to approve or disapprove the granting of additional holidays pursuant to the provisions of Senate Bills 154 and 2212.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the official seal of the City and County of San Francisco to be affixed this 10th day of October 1978.

/s) George R. Moscone
GEORGE R. MOSCONE
Mayor"

At the conclusion of reading his emergency proclamation, Mayor Moscone asked that the Board concur therein.

Supervisor Molinari stated that such action by the Board was intended at this time to deal with a specific problem, and expressed some concern that when negotiations commence next Spring for 1979-80 salary standardization, the nursing group might consider that the 14 additional holidays was a benefit they already enjoyed and would expect to continue.

Thereupon, Supervisor Molinari, seconded by Supervisor Milk, moved to grant the privilege of the floor to Mr. Michael McLaughlin, staff attorney for the Teamsters' Union, which is representing the nurses.

No objection and motion carried.

In response to Supervisor Molinari's inquiry, Mr. McLaughlin stated that his membership understood the granting of the 14 additional holidays was a temporary measure by the City and County which, hopefully, will alleviate some of the problems of patient care at San Francisco General.
